To Whom It May Concern:

Vice President
Veronica Duluk

I am writing in my capacity as Chief Operations Officer of Catholic Charities of Santa Clara County *(CCSCC) to urge you to expedite the permit request for Transitional Housing Unit provider, Mr. Richard Franco of Red Road Recovery.

Secretary
Bob Braham

The largest multi-service nonprofit organization in the County, CCSCC has worked with Mr. Franco for a number of years, providing housing and recovery services to ex-offenders working to responsibly re-enter our community as productive, law abiding citizens.

Past-President
Mike Blach

We rely on his services, as there are not many other residential, detox and THU providers with such a high level of quality services.

We currently have a waiting list of clients that we need for Red Road to house in his expanded downtown San Jose facility.

Anything that you can do to expedite permitting review would be a great public service and help us safely house our ex-offender clients on the road to community integration.
