DA WELCOMES INDEPENDENT REVIEW OF ADMINISTRATIVE LEAVE POLICY

In response to the County Executive's call today for a review of his administrative leave policy, District Attorney Jeff Rosen is releasing this public statement:

“I welcome an independent review of my authority to grant administrative leave under the terms of the Memorandum of Understanding (MOU) of Santa Clara County and the Government Attorneys' Association (GAA) and Santa Clara County policies. The County Executive has asked the Office of the Attorney General to review this matter. I have the highest regard for the Attorney General. However, I told the County Executive that the Attorney General has endorsed my candidacy for re-election as District Attorney and may not be the appropriate person to review this matter due to the potential conflict of interest.”
