***FOR YOUR SITUATIONAL AWARENESS (FYSA) ONLY ***

This is FYSA only, as protests are considered a form of protected speech under the First Amendment of the U.S. Constitution. The First Amendment protects all forms of speech, including protest activity, except in very specific circumstances. Unlawful activity, including trespassing, harassment, or hindering others in their own lawful activities is not protected activity. The NCRIC does not monitor legal protest activity where no criminal nexus has been established or determined.
